

PUSNES brake test kit

Compact and lightweight brake test kit for mooring winches

Offshore Mooring and Loading Competence Centre Sales Bulletin 0001.00

Background Information

We have developed a compact brake test kit that is safe, lightweight and user-friendly.

Brake testing of winches avoids parted lines or unsafe situations when moored, ensuring that the mooring lines render at the correct tension.

OCIMF Mooring Equipment Guidelines recommend testing of mooring winch band brakes annually.

Technical details

- Compact and lightweight
- Delivered in a practical storage box
- Increased safety for winch operators
- Fits standard mooring winch drums
- Maintenance-free
- Well-proven design
- Can be custom made for each vessel but also available in standard sizes

MacGregor shapes the offshore and marine industries by offering world-leading engineering solutions and services with a strong portfolio of MacGregor, Hatlapa, Porsgrunn, Pusnes and Triplex brands.
