MACGREGOR

MacGregor drydocking
spare parts kit for
Poseidon steering gear

In addition to being the market leading original equipment manufacturer (OEM) of MacGregor Hatlapa steering gear for decades, MacGregor is now launching its drydocking kit for Poseidon steering gear. These spare parts are thoroughly tested, inspected and delivered with MacGregor standard guarantee and support from our global service network.

Package available for

- All MacGregor Poseidon steering gear

Included spare parts

- Hydraulic spare parts
- Mechanical spare parts
- Consumable spares

Safety

Steering gear is critical equipment and vital for your vessel performance that need constant condition monitoring and visual inspection. It is important to observe and visually inspect how the steering gear performs during operation on a regular basis. Using MacGregor class certified OEM spare parts enhances operation uptime and safety for your vessel.

When your vessel is in dry dock, you have a perfect opportunity to prevent incidents and ensure safety during the long period at sea to follow. MacGregor Poseidon dry dock kits ensure you have everything needed for proactive maintenance and a thorough overhaul of your steering gear.

Economical advantages

- Fixed special price for each drydock spare parts kit
- Ready for shipment from our logistics center in Germany within a short period of time.
- Delivered with MacGregor standard guarantee
- Support from our global service network
